

Satellite Meetings

Monday 29th September

09:00-17:00 **NERIS**

09:00-13:00 **MELODI**

09:00-11:00 GA + Coffee Break (OPEN)

11:00-13:00 Meet@MELODI Coffee (OPEN) followed by meeting of MELODI SAC (CLOSED)

Following the MELODI General Assembly, we kindly invite you to be part of the new version of the 'MEET@MELODICOFFEE' which will begin with... a coffee break 😊

This new version should be an informal scientific moment lasting about 1 hour. The first selected topic is IMMUNITY. Please attend Part I of the IMMUNITY "trilogy" entitled:

Between Exposure and Response: The Immunobiology of Ionising Radiation.

You are all very welcome either in person or remotely; we thank you in advance for promoting this event through your institution. This event is free and will request a registration; more details to follow after the summer including how to try to win 1kg of chocolate!

Contact email: Christophe.badie@ukhsa.gov.uk OR yannick.saintigny@cea.fr

13:00-18:00 **RENEB**

13:00-14:00 RENEB General Assembly (CLOSED)

14:00-18:00 Annual Network Meeting (OPEN)

As a satellite meeting of the ERPW 2025 in London, RENEB will organise the Annual Network Meeting with the Annual General Assembly. We are looking forward for interesting presentations and discussions.

Contact email: reneb@bfs.de

13:30-19:00 **ALLIANCE**

13:30-15:30 ALLIANCE working meeting on the PIANOFORTE SRIA (CLOSED)

16:00-19:00 General Assembly of the European Radioecology Alliance

Contact email: cwerner@bfs.de

17:30-19:00 ECRad Network Meeting (OPEN – register attendance via email below)

The ECRad Networking Meeting is a dedicated event for early career researchers (ECRs) and emerging professionals in radiation protection across Europe. Taking place during the European Radiation Protection Week (ERPW) 2025 in London, this third edition builds on the success of previous meetings in Munich and Rome.

The event will focus entirely on networking—why it matters, how to do it effectively, where to find opportunities, and practical tips tailored for different industries within radiation protection. Attendees will experience a speed networking session to connect quickly and broadly, alongside a showcase of the ECRad network to better understand its role and benefits.

Through interactive sessions, participants will learn how to build meaningful professional relationships, with insights on the impact of networking on career development. An informal dinner following the meeting offers further chance for peer-to-peer interaction and community building.

This meeting is designed to empower early career radiation protection scientists to expand their networks and enhance their professional growth within Europe's radiation protection community.

19:30 onwards (dinner, place to be confirmed)

Please email to confirm attendance.

Contact email: ADegenhardt@bfs.de

Tuesday 30th September

17:00-19:00 PIANOFORTE GA (CLOSED - Members of the PIANOFORTE Consortium only. Separate pre-registration required.)

Contact email: jan-hendrik.kruse@asnr.fr

Thursday 2nd October

09:00-10:30 EURAMED

15:00-17:00 MEENAS (CLOSED - the meeting is only open to members and special invitees from the other MEENAS platforms)

The EURAMED General Assembly takes place annually during ERPW to review the year's activities, transact the society's official business and plan the coming year. The voting members review the society's finances and committee compositions and may approve the Executive Board composition and proposed changes to the statutes.
